15 years
NU Nile University
جـــامـــعـــة الـــنـــيـــل

15 years of continuous hard work by people who have made it possible in NU community to offer accessible, up-to-date and the best educational journey.

Though the world is changing drastically and quickly, we have witnessed exponential growth in research footprint, academic offerings, community impact and student body.

Thank you for being a part of our history; we hope to continue affecting lives and communities as time goes by.

ACHIEVEMENTS

THE PRIME MINISTER, MINISTER OF HIGHER EDUCATION, AND PROF. WAEL AKL IN A MEETING TO DISCUSS NILE UNIVERSITY'S EFFORTS LOCALLY AND GLOBALLY

Dr. Mostafa Madbouly, the Prime Minister, held a meeting with Dr. Khaled Abdel Ghaffar, Minister of Higher Education and Scientific Research, acting Minister of Health, has followed up on the efforts of Nile University (NU) in serving international publications and supporting the scientific research process in Egypt, in the presence of Dr. Wael Akl, President of the University, and Dr. Mohamed El-Tayeb, Assistant Minister of Health for Governance and Technical Affairs.

DR. TAREK KHALIL AT THE INTERNATIONAL CONGRESS ON SMALL AND MEDIUM ENTERPRISES

Dr. Tarek Khalil, the founding President of Nile University and Dean of Graduate School of Management of Technology at Nile University, has testified in Congress about the Entrepreneurship Revolution and the role of Nile University during the International Congress on Small and Medium Enterprises in Washington DC.

ROCHE EGYPT SPONSORING THE GRADUATION PROJECTS OF THE FIRST BATCH OF BIOMEDICAL INFORMATICS PROGRAM GRADUATES IN EGYPT

After 12 months of working in industry life, we are celebrating the 1st batch of Biomedical Informatics program graduates in Egypt.
We would like to Thank Roche for all the efforts it exerted in sponsoring the graduation projects of our students.
It's the perfect time to be proud of our students' work and achievements in shaping personalized healthcare in Egypt.

OUR NU STUDENT VOLUNTEERS TO GIVE PROGRAMMING SESSIONS IN DAR AL-BUKHARI ASSOCIATION

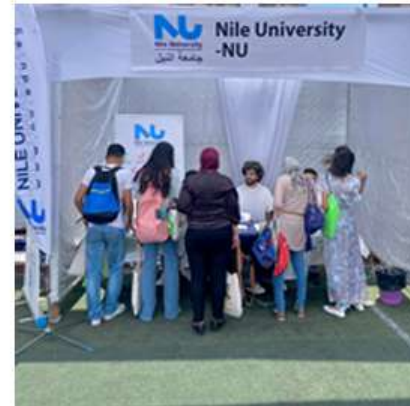

Khaled Akrab, a student at the School of Information Technology and Computer Science (ITCS), decided to give his time and effort to serve the community through teaching programming courses and computer basics to orphans and underprivileged people in Dar Al-Bukhari Association.

EVENTS

ALEXANDRIA LANGUAGE SCHOOL (AIS) UNIVERSITIES FAIR

It was a pleasure to participate in such a great event at Alexandria Language School (AIS) University Fair.
NU ambassadors have generously provided valuable and needed information to different school students who came along with their parents to ease their understanding of the admission process and made sure that every attendant knew more about NU.

KPMG - HAZEM HASSAN CONSULTING AT NILE UNIVERSITY

Dr. Ahmed Hassan, Dean of School of Information Technology and Computer Science and Gina Mowafy, Student Affairs Manager, have welcomed Mr. Tarun Kapur, IRM Associate Director and Mr. Mostafa Samir, IRM Senior Manager, from KPMG in honor of the collaboration made by the 2 institutions. This collaboration aims to give NU graduating seniors and fresh graduates the opportunity to apply at KPMG and learn about the interview process there.

NU STUDENTS AT BAHEYA FOUNDATION'S PROGRAM FOR EMPOWERING YOUTH

Baheya Foundation program's target for students was to develop their skills and encourage them to be Baheya Ambassadors; NU students enjoyed a new knowledgeable experience through sessions that took two days.
The first day of the program took place at Baheya Hospital in Haram. It included an energizer session, Baheya introduction, awareness session, volunteering, and psychological support unit presentation, an infection control session, and a hospital tour.
The second day of the program took place at Baheya El Sheikh in Zayed. It included CV writing, interviewing session, soft skills workshop, and a nutrition session.

NU SUMMER CAMP

Our visiting school students' incredible educational experience!
NU young school student visitors did a great job during NU engineering summer camp. They went through an exciting new educational experience within four days of comprehensive programs training that included 3D printing Camp, Civil and Construction Camp, Robotics Camp, Electronics and smart system Camp, Industrial Engineering Camp, and Physics Camp.

QETC EDUCATION FAIR IN CAIRO

It was a pleasure to partner with QETC in the grand event, QETC Education Fair, in Cairo, which received lots of crowd at Triumph Plaza Hotel; we are glad that both students and parents were eager to know about NU and its admission process.

QETC is an education consultancy with industry recognition and reputation in Malaysia. It is dedicated to promoting quality education by considering professional and ethical standards.

THE SCHOOL OF INFORMATION TECHNOLOGY IS PROUDLY OFFERING THE YOUNG PROGRAMMER CAMP FOR KIDS

The School of Information Technology and Computer Science is so proud to start the Young Programmer Camp and was happy to spend fruitful time with those brilliant students. We are sure of their capabilities of showing more success at the end of the camp.

Quality time is spent during our community service to spread programming all over Egypt.

STUDENT LIFE

ENACTUS NU PASSED THE FILTRATION STAGE

Enactus Nile University attended Enactus Egypt National Competition after passing the filtration stage and being among 34 other universities across Egypt out of 50. We were represented by 30 different members from our committees and attending our board members.

During the ceremony, Enactus Nile University were called upon to receive an honorary certificate to acknowledge their dedication, passion, and commitment towards Enactus community who believe that investing in

CONGRATULATIONS TO THE COMPUTER SCIENCE CLASS OF 2022 STUDENTS FOR THEIR GRADUATION PROJECTS

Congratulations to our beloved students of class of 2022. We are so proud to share your knowledge and enrich your skills to see a marvelous graduation project discussion and what you have achieved.

It isn't the end of the journey; we still hope to see all of you successful and effective beings in society.

ICPC
SUMMER CAMP

International Collegiate Programming Contest (ICPC) is conducting a problem-solving summer camp to prepare students for the competition and to build connections with mentors and other brilliant problem solvers. They have solved over 14 questions so far.

Keep up the good work!

THE ENGLISH DEPARTMENT LOGO DESIGN COMPETITION

Congratulations to Ziad Salah our Business student! Ziad won an Oscar for designing the English Department logo.

NU ENGLISH DEPARTMENT

ACPC
FOR GIRLS

Congratulations to our brilliant problem solver Menna Sayed for ranking 1st in Africa and Arab Collegiate Programming Championship (ACPC) girls.
Success after success makes us prouder!

IEEE NU STUDENT BRANCH WEBSITE

IEEE NU Student Branch is pleased to announce that they have finally launched their new website!

The website is the product of tremendous time of hard work and meticulous planning. They aim to participate in the IEEE contest for outstanding student branch websites, so wish them luck!

You can now visit their website to learn more about their members, history, achievements and how to become part of our community. You will also be able to access the IEEE store and track the developments of this year's biggest and most exciting event, the 2022 Egyptian Space Summit!
